

TCM Forklift Part

TCM Forklift Parts - In the global trade of material handling, lift trucks play an important part for transporting industrial goods. Primarily innovated as industrial vehicles in the 1930s in the U.S., lift trucks gained recognition following World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these machinery spread globally.

In 1949, founded by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Now the company is simply known as TCM Corporation. Throughout the years, TCM lift trucks have become a worldwide leader in lift truck manufacturing and have built a solid reputation in the business. TCM started constructing lift truck manufacturing sites outside of Japan in the 1980s and is now engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly makes several models of industrial trucks with more than 50 years of accumulated technology and expertise, making their products recognized and used all around the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aspires to become a world-class leading business.
